New Clubhouse Continued from Pg 1

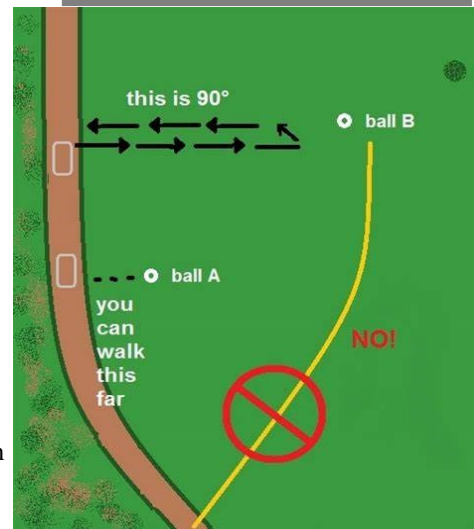

Director of Golf, Bela Nagy, County officials are expected to begin seeking bids from construction firms in July and hope to break ground on the \$5.5 million project by early Fall.

The clubhouse project will be funded by user fees generated by Sandridge patrons. If the user-fee funds aren't enough to cover the initial costs, the County will borrow money from another fund with Sandridge paying back the money using future revenues.

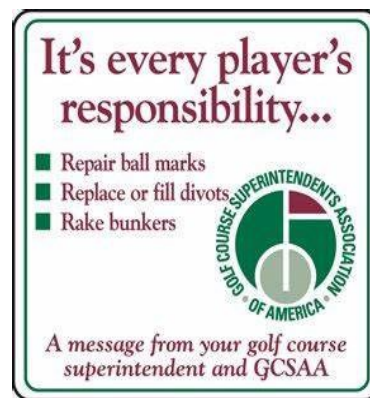

The new clubhouse will be equipped with a commercial grade kitchen and two banquet rooms, each of which will set 100 people, as well as a restaurant and bar. The banquet facility will overlook the 18th green of the Lakes Course and the restaurant and bar will overlook the lake between 10 and 18 Lakes.

The additional space will alleviate the over-crowding experienced with the over 40 events per year that Sandridge hosts that have over 100 participants. More than 112,000 rounds of golf were played on both courses at Sandridge last year. As the County continues to grow, we will now have the facilities to be able to handle and attract new opportunities, such as weddings and other parties. "The Sandridge location certainly has proven to be one of the more coveted governmentally owned golf courses in the state." Commissioner Joe Flescher said. "This shot in the arm will only improve its value and operations."

Sandridge To Build a New Clubhouse

Sandridge Golf Club is set to build a new 18,000 square foot clubhouse with a restaurant, bar and banquet facilities with an anticipated completion in the Fall of 2023. The new clubhouse will be built in a vacant area just west of the current clubhouse facility which will remain operational until the new building opens. It will then be leveled to create an expanded golf cart staging area and additional parking.

The architectural design which was approved by the County Commission in February, will also increase the parking capacity from 80 paved spaced to 206. The plan also includes construction of a new 1,100 square foot turn station immediately east of the practice green. The facility would offer grab-and-go food service, restrooms and self-service breezeway where golfers can get water and ice.

Sandridge Golf Club has again been recognized as a "Certified Audubon Cooperative Sanctuary" status and has maintained this certification since 1999. Sandridge Golf Club was the 26th course in Florida and 191st in the world to receive this honor with about 900 courses currently worldwide holding this distinction.
